

GSA 18F / EIGHTEENF-12

As a Consumer, I want to be able to see the most frequent adverse events for a drug in a bar graph, so I quickly visualize the information.

Details

Type:	 Story	Status:	CLOSED
Priority:	 Medium / Normal	Resolution:	Done
Affects Version/s:	None	Fix Version/s:	Version 1.0
Labels:	None		
Story Points:	7		
Sprint:	Sprint 1		

Description

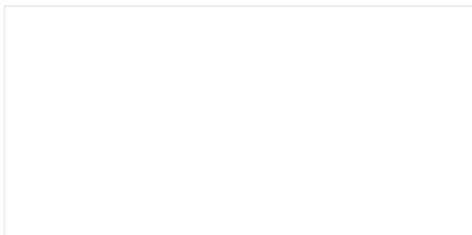

Overview

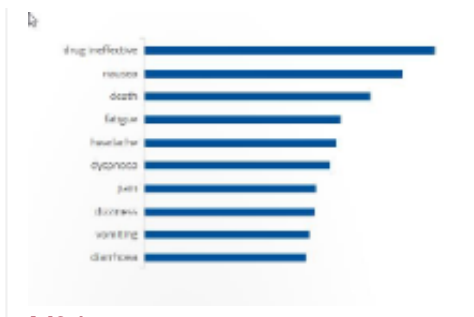

Generate a chart (bar graph) the most frequent adverse events for a drug in a bar graph based on the Drug Name and the filters selected by the user.

Acceptance Criteria

Display a chart based on the user selected filters.

Make changes to the website based on the feedback. Improve and finalize the details and blurbs that appear on the website. Add an error message that will show up if the user's selection does not yield any result. Create a placeholder for the bar graph. Create a footer for the application. Create a webpage that indicates the user that a certain link is under maintenance.
